Computer Science
Distinguished Colloquium Speakers
MISSOURI UNIVERSITY OF SCIENCE AND TECHNOLOGY

Monday, March 7, 2016, 11:00 am
Dr. James Kurose
NSF CISE Assistant Director & Distinguished Professor, University of Massachusetts Amherst

An Expanding and Expansive View of Computing

Monday, April 11, 2016, 12:00 pm
Dr. Rao Kosaraju
Edward J. Shaefer Professor, Johns Hopkins University & NSF CISE/CCF Division Director

Basic Research can Payoff Big – A Network Design Example

Monday, April 25, 2016, 10:00 am
Dr. Maria Klawe
President, Harvey Mudd College

Getting More Women into Tech Careers

Thursday, April 7, 2016, 11:00 am
Dr. Mani Chandy
Simon Ramo Professor, Emeritus at California Institute of Technology & Member of National Academy of Engineering

Right-Time Analytics and Networks of Processes

Monday, April 18, 2016, 12:00 pm
Dr. Klara Nahrstedt
Ralph and Catherine Fisher Professor, University of Illinois Urbana Champaign

Trustworthy Cyber-Physical Infrastructure for Electrical Vehicles

Monday, May 2, 2016, 12:00 pm
Dr. Rajesh Gupta
Qualcom Professor in Computer Science and Engineering, University of California San Diego

Building Computing Machines That Sense, Adapt and Approximate
